Colonial Florist

Annapolis, MD

We started using Bill's Floral Express in July 2007. Our strategy was to expand our floral reach into the Baltimore and Howard County markets from our Washington DC and Annapolis locations.

We are very pleased with the service provided to our recipients, clients and ourselves. Floral Express has completed all our deliveries promptly and professionally. They pick up on a timely schedule and we have not had any customer service concerns on any of these deliveries. Special time needs and handling special customer concerns have been easy to coordinate too!

Using Floral Express has helped our shop bottom line grow. We can have our flowers delivered to a much larger area than we could deliver ourselves and we don't have to rely on other florists to fill our customers orders for us.
